

Take your growing tech-oriented business to the next stage with ScaleUP CT.

Specifically addressing the needs and concerns of companies beyond the startup phase, ScaleUP CT is built to educate and invigorate the leaders of Connecticut's growing companies. Now in its third year, ScaleUP CT is part of CTC's focus on supporting companies in the tech sector at every stage of growth and development. This year, the focus will be on ensuring that growth companies have the leadership in place to best position them for growth, and to provide that leadership with the best tools to enable their teams to succeed.

ScaleUp CT 2019 is presented by Cantor Colburn and will feature a keynote address, workshops, and a networking reception hosted by Robinson + Cole.
